SUNORA X

Foldable solar panel

SX-F200

Unfold solar power wherever you work.

Solar charging for mobile energy storage systems.

200 W	IP68	Foldable
Rated power	IP rating	Portability

Solar charging

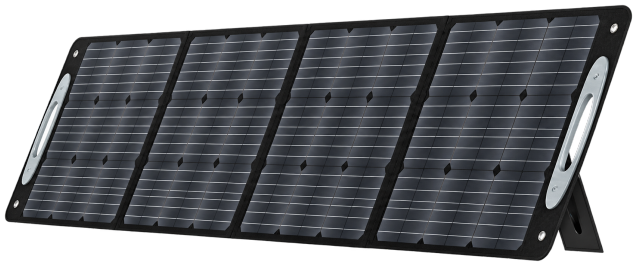

Fold to carry / deploy on site / compatible PV input

Unfold solar power wherever you work.

Foldable solar panel • Specifications

200	IP68	Foldable	-10~65
W Rated power	IP rating	Portability	°C Operating temperature

Designed for real-world applications

Solar charging

Charge compatible devices in suitable sunlight.

Foldable design

Easy to carry, store and deploy on site.

IP68 protection

Protection ratings follow the product specifications.

Key specifications

KEY SPECIFICATIONS

Rated power	200 W	Folded dimensions	536 × 618 × 54 mm
Operating temperature	-10 to 65°C	Unfolded dimensions	536 × 2349 × 25 mm
IP rating	IP68	Net weight	7 kg
Configuration	Foldable solar panel	Solar panel efficiency	22.8%
Operating voltage	21 V	Connection interface	MC4

Solar charging

Fold to carry / deploy on site / compatible PV input

Operating temperature

-10 to 65°C
